

H2.0-T-9680 2m TORQ Twin Micro Fall Arrest with Large Hooks

The TORQ® Twin Micro 2m Fall Arrester is engineered to provide dependable fall protection for personnel working at height.

Equipped with dual Dyneema® webbing lines and housed in robust casings, this device ensures both durability and lightweight handling.

The integrated shock absorbers minimise fall forces, while the device's design allows for flexible movement.

Suitable for a maximum user weight of 140kg, the TORQ® Twin Micro is compliant with EN 360:2002, VG11.060, and VG11.062 standards, making it ideal for construction, maintenance, and industrial applications.

- Dual 2m retractable Dyneema® webbing lines
- Large scaffold hooks for secure anchorage
- Integrated shock absorbers to minimise fall forces
- Durable housings for longevity
- Lightweight design for easy transportation

Product Code:	H2.0-T-9680
Conformance:	EN 360:2002 VG11.060 VG11.062
Materials:	Dyneema webbing
Life Span:	10 years
Service:	6 months minimum
Weight:	2.4kg
Sizes:	2m
Max Load:	140kg
Breaking Strength:	12kN
