

FLTH Adjustable dual tine hooks

Working load limit (WLL) 2000 - 3000 kg

The FLTH tine hook is designed to convert your forklift truck into a crane. This is done by simply sliding the FLTH over the tines of your forklift truck and then fastening the tines by tightening the two threaded bars underneath. The unit is supplied as standard with a swivel safety hook.

Product group: I4

Technical data FLTH

Model	Art.-No.	WLL kg	Max. fork size mm	Weight kg

TZH Adjustable single tine hooks

Working load limit (WLL) 1500 - 5000 kg

The TZH tine hook is designed to convert your forklift truck into a crane. This is done by sliding the TZH onto a single tine. The tine hook is fastened to the tine by tightening the two threaded bars on either side. This unit is supplied as standard with a swivel safety hook.

Product group: I4

INFO

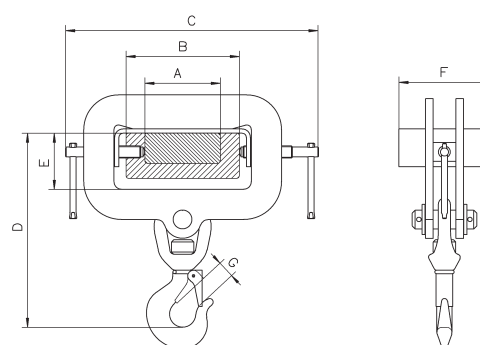

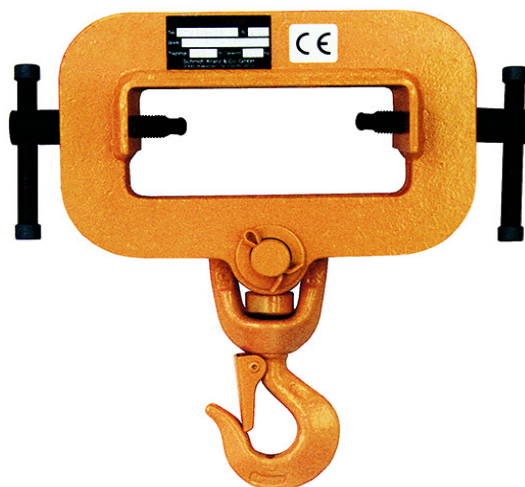

Attention must be paid to the working load limit of the single forklift tines.
